This approval replaces any previously issued and is conditioned upon the use of validated methods identified in your application and ISO 17025 accreditation. To maintain an approved status, labs must continue satisfying all annual certification requirements, as described in future notices from the Department. Approved hemp testing labs must adhere to all applicable statutes and rules regarding the testing and handling of hemp. Any changes impacting a lab's ability to sustain requirements of 8 IL Admin. Code 1200.60 or the original approval application submitted must be immediately reported to the Department.
